01

Direct access

Connect with 140,000+ licensed and certified independent professionals, from CNAs, CMAs and QMAs to RNs, LPNs and PTs.

02

Set rates. No surprises.

No hidden fees, surge pricing or middlemen, and no long-term contracts.

03

Your go-to person

A dedicated account manager who knows your facility and our technology. One person to call, not a rotating call queue.

04

Reliability you can see

See each professional's track record up front, and send shift requests directly to top scorers.

What this means for your facility

- Fewer gaps in your schedule, fewer last-minute scrambles
- More reliable professionals on every shift
- Less manual lift for your team
- A platform that keeps getting better, driven by your feedback

“ShiftKey is great! I’ve found a network of independent professionals through the favorite feature -- they are reliable and dependable!”

Jennifer Amarillas

Scheduler

The Legacy at South Plains

Scan to book a 15-minute walkthrough

Pick a time that works for your team after the show. We'll walk through what's live, what's next and how it fits your facility.

You pointed the way. Here's where we're headed.

ShiftKey keeps innovating. Here's what's already live and what's on the way for your facility.

Already working for facilities

Smarter scheduling

Less back-and-forth to get shifts posted and filled

Trust + reliability

Clearer signals on who shows up, shift after shift

Compliance + reporting

The documentation and visibility your team needs

Connectivity + communication

Fewer gaps between ShiftKey, your systems, and your team

What's on the way

Chart Confirmation

Confirm charting has been completed right in ShiftKey, and notify professionals to return instead of chasing them by phone

Faster backup coverage

The platform automatically notifies your preferred professionals when there's a last-minute cancellation so they can bid on the shift

Facility ratings

Plus, a more intuitive scheduling experience that helps your shifts stand out and fill faster

Expanded credentialing

Identity verification and credentialing across more states and professional segments

Faster, more flexible pay

Faster credential verification and modernized payment options for professionals

More ways to connect

New integration partnerships and self-service tools that plug into your systems

Three questions worth five minutes

"What happens when a shift falls through at 5 a.m.?"

→ [Cancellation Recovery](#)

"How do we stop chasing professionals to finish charting?"

→ [Chart Confirmation](#)

"Will ShiftKey work with the scheduling system we already use?"

→ [Scheduling platform integrations](#)
